**JUDGMENT FOR D. S.
BRUNER IN WAGE SUIT**

(From Sunday's Daily.)

Judge F. O. Smith settled the D. S. Bruner suit against George Demaine and F. W. McConnell yesterday in the Superior court by granting the plaintiff judgment against one of the defendants, McConnell. The case was tried last November and submitted to the court for consideration. The finding of the court was as follows:

"That the plaintiff have judgment as prayed against F. W. McConnell and that the plaintiff take nothing as against George Demaine."

Bruner had asked to foreclose a lien on the Belcher mining claim in the Big Bug district which is owned by Demaine. This demand was refused by the court. The sum sued for by Bruner was \$131.50 and costs for work performed in the mine. Bruner asked for the amount as wages due him and claims assigned him by other men who had worked in the mine while McConnell held a lease on it. O'Sullivan & Morgan represented the plaintiff and J. E. Russell the defendant. Russell yesterday withdrew as attorney for F. W. McConnell in the suit of Thomas Powlas vs. George Demaine and McConnell.

Attorneys LeRoy Anderson and George W. Nilsson yesterday waived further examination in the preliminary hearing for Daniel McCarty on a charge of murdering J. E. Smith at Wagoner and the defendant was bound over to the Superior court for trial by Justice of the Peace McLane without bonds. Immediately after this action was taken, Attorney Anderson declared that before his client entered a plea in the Superior court he would file a motion for a trial to test his sanity. Providing the motion is granted, McCarty will probably be examined as to his mental condition before a jury during the latter part of the month and the verdict will decide whether he will be tried on the charge of murdering Smith.

MADE A CLEANUP

(From Sunday's Daily.)

Harry Foss, a hunter and trapper, brought to the city on Friday, the pelts of two bobcats, five mountain lions and 22 coyotes, that were killed during the past two weeks in the western country. He is unable to establish the county, as well as he lacking in affidavits of the killing, consequently cannot legally certify to the authorities and receive pay therefor. He will ship to Omaha, Neb., to a brother, for marketing. Foss states deep snow drove these animals from the mountains and they were nearly starved to death. He lost one dog, which was killed by a bobcat.

RAID 2 ALLEGED PLACER MINING
GAMBLING
RESORTS

MAN CHARGED WITH
BOOTLEGGING ARRESTED;
VAGRANTS TO BE
RUN OUT OF TOWN.

(From Tuesday's Daily.)

Two raids on alleged gambling resorts took place last Sunday night, one on the Scopel hotel and the other on the Royal saloon on the corner of Granite and Goodwin streets. Fred Scopel, the owner of the hotel, was arrested on the charge of permitting games to be run in the lobby of the hotel, and Frank Ito, the Jap proprietor of the Royal, was taken into custody on a similar charge. Ito is also charged with dealing in the game, Antonio Gomez and J. M. Thompson were arrested on charges of acting as dealers in the Scopel hotel lobby.

Under Sheriff T. J. Marks, Jailor Ben Powers and Constable William Fitzgerald made the raid on the Jap's place. Marks declared yesterday that they made their way into the saloon and sat down alongside the table on which the game of chance was being played. According to the officers, stud-poker was the sport of the evening. Besides Ito who it is said was dealing, Juan Beltran, Francisco Laguna and Fermin Rosas were taken into custody to act as witnesses at the hearing. Ito was released on furnishing a \$100 cash bond. He will be given a hearing during the latter part of the week.

The Scopel was raided by Sheriff Joe Young, Deputy Guy Bozarth and Deputy Roy Young. At the hotel Young declares Thompson and Gomez were found dealing to players at two different tables. Both were taken into custody and yesterday a warrant was issued for the arrest of Scopel for allowing games to be run in a building owned by him. Scopel was released on furnishing a cash bond of \$200. Gomez was released, Joe Abbott going his bond. The hearing for Gomez and Thompson takes place this morning at 10 o'clock. A V. Ness and Chinee Jack were taken into custody as witnesses to the games it is said were being run in the hotel. In both raids the money, chips and cards were taken by the officers. The authorities declare that if stud-poker games with dealers and percentage were played by the proprietors are not stopped in this city more arrests will follow.

Lee Cutliff was arrested Sunday night on a charge of bootlegging. The officers state that on January 14, he sold a pint bottle of whiskey to A. Weber. They also state that he has sold booze to William Rhodes and a number of other men during the past month. He was placed under a \$250 bond.

To Run Bums Out.

The county authorities declared yesterday that a crusade will be started to run the hobos, vagrants and bums out of the town in a few days if they do not leave on their own initiative. Between 50 and 75 of them are in the city and they are becoming bothersome, because it is feared that they may commit crime they are to be run out of town if they do not leave.

**Queer Problem For
Lawyers To Solve**

DOUGLAS, Jan. 17.—If a man be arrested for bootlegging or introducing liquor into the State and his stock in trade is seized at the same time, and he later transfers the title to this liquor to an attorney as a fee for defending him, has he or has he not been guilty of a second offense?

This is a question which has been argued time and again among the peace officers, several such transfers having taken place since the prohibition law went into effect in this State.

While, technically speaking, such a point might well be raised in court, it has never been brought up. The general opinion among the officers here is that if the lawyer's services result in the man being acquitted, he would have given the original owner of the whiskey something of value in return for it and he could be held liable.

RIOT INDICTMENTS

YOUNGSTOWN, Jan. 15.—The Mahoning county grand jury, which has been investigating the riots in East Youngstown, made a partial report today. Indictments were returned charging 26 defendants with rioting, carrying concealed weapons, destruction of property and burglary. All those indicted were foreign-born workmen.

Fred Dennett, a former commissioner of the general land office, is the attorney in charge of the land end of the enterprise. Recently he explained the purposes of the Philadelphiaans to the members of the Arizona Land Commission. At his request the commission has filed an application with the United States Land office for the withdrawal of 17,600 acres of land suitable for agricultural purposes below the dam site. The petition was tendered under the terms of the Carey Act.

Four hydraulic giants, the first to be installed in the Lyax creek field, will be in operation next week at the property of the Wichita Placer Company. The plant is a semi-hydraulic in character—heavy pressure pumps established near the dam forcing water to the giants, instead of a pressure being obtained by the gravity method customary in hydraulic mining. A water supply ample for continuous placer mining operations has been
